

Preventative Partnership Fund

Preventative Partnership Fund – Tapered Grants Scheme

Aims of grant programme

The aim of the Preventative Partnership Fund is to provide preventative services to address the needs identified in the [Harrow Council Needs Analysis \[.pdf\]](#).

Projects must demonstrate how they empower and help residents to be more self-supportive in the future and lower demand on other public or VCS services.

As a partnership fund, we are particularly interested in how you will work with other grant recipients and apply for continuation funding collaboratively to sustain your activities.
