Harrow Photographer of the Year Portrait Consent

Harrow Photographer of the Year Awards is run by Harrow Giving, a local charity that funds small local projects to make a positive difference to the lives of Harrow residents.

A portrait photograph is a photograph of an individual or a small group where the people are the subject of the photograph.

In order to enter a portrait photograph to the competition, the photographer must get consent from the person or people photographed. This is because the photograph may appear on websites, social media and displays connected to the competition.
